More Heavy Metal

The Jacket Loadout

Job Specs

Weight: 3,329 Tons

Dimensions: 118'W x 293'H

Equipment Used: 48 axlelines of ESE SPMT's, 48 axlelines of SLE SPMT's, 8 Powerpaks, Loading Ramps & Winch Trucks

It was more heavy metal to move for the Berard Team with this Arena Riker Jacket Load out project in Amelia, Louisiana. The offshore platform jacket measured in at 53'-8" W at top x 118'-6" W at base x 293'-6" H and weighing in at 3329 tons. All of the team members did an awesome job and we thank them for their hard work in making this project a great one!

The Vessel Transport

Job Specs

Weight: 136,000 lbs.

Dimensions: 60'L x 14'W x 14'H

Equipment Used: Goldhofer 6 axle semi-trailer

Berard recently transported three vessels weighing 136,000 pounds each from the Port of West St. Mary, LA to the Port of Iberia, LA. Berard's new Goldhofer 6 axle semi-trailer proved to be the right tool for the job. With an extended deck length up to 82', along with full steering capabilities, the vessel traveled the route with no issues. The Goldhofer semi-trailer steering capabilities allow the 100' rig to navigate corners just as any other tractor trailer, which also allows for delivery into the most congested plants and fabrication yards. Contact Berard today to have this incredible piece of equipment working on your next project!

Berard At The Capital

It was off to our nation's capital for members of the Berard Team. Braedon Berard and Ken Beard attended the Supplier Conference in support of the LCS Program on Capitol Hill in Washington, D.C. One of the most important issues was the amount of jobs the LCS Program directly affects. It involves over 576 first-tier suppliers and spans 40 states in the U.S., not including subcontractors also involved in this program. The team met with about 200 other direct suppliers from various states throughout the U.S. for the LCS Program. Joe Rella, Austal President, led the meeting which was comprised of various speakers including Congressman Jo Bonner, Rear Admiral James Murdoch, & Craig Hooper, Vice President Business Development Austal. Braedon & Ken also met with Congressman Steve Scalise, Congressman Cedric Richmond, Congressman Jeff Landry, Senator David Vitter and Senator Mary Landrieu. We were proud to be invited to participate in this very important conference and the Berard Team fully supports the LCS Program and our great nation's troops.
