Big Iron!

The 7800 Ton Juniper Jacket Load Out

Job Specs

Weight: 7,800 Tons

Dimensions:

400'L x 190'W x
190'H

Equipment Used:

240 axle lines of
SPMTs and loading
ramps.

The Berard Team recently loaded this massive 7,800 ton offshore jacket which spanned over 400 feet in length, 190' in width and 190' in height. The team transported the behemoth utilizing 240 axle lines of SPMTs from the client's fabrication yard onto an offshore deck barge. The move was slow and steady as the team traveled through the yard and into alignment with the deck barge. Once aligned, the jacket moved onto the deck barge in record time due to the team's dedication and a great ballast plan. It was another great project to close out 2016 and we thank all of our team members who make our company the best it can be!

Power Up! The Electrical Building Project

Job Specs

Weight: 131,000 lbs.

Dimensions:

72'L x 19'-6"W x 17'-6"H

Equipment Used:

9 axle Faymonville
Highwaymax trailer,
4 axle tractor, support
stands and cribbing

Simplicity is always best, and this delivery of an electrical building weighing 131,000 lbs. proves that. Point Eight Power designed and manufactured this Power Distribution Center building in Belle Chasse, LA, which needed to be transported and installed in a plant near Donaldsonville, LA. Berard engineers thought why not use the same equipment to haul and set the building? Berard developed a plan using the Faymonville 9 axle hydraulic trailer to set the building directly onto the 7' support columns, saving the end client the cost of mobilizing a crane. In only 2 days the building was transported and set in its final location.

Berard Christmas Party!

The Berard Team went all out once again to provide the best Christmas party of them all! The team celebrated another great year and were recognized for their hard work and dedication. It was a great time had by all and we can't wait for next year's party!

> Justin Thibodeaux - Leadership Award

> Tim Wilson - 5 Year Service Award

> Brad Courville - 5 Year Service Award

> Kevin Beinvenu - 5 Year Service Award

2016 was another great year for our company. Many milestones were reached and records broken. It was a year that saw new faces join the team as well as the advancements of our current team members. As we bring 2016 to a close, we are thankful for all of our dedicated team members who have put us at the top. We also thank our valued clients who trust in our company to deliver our quality services time and time again. We have the best clients any company could ask for and it is our sincere wish that your 2017 be a successful one, filled with joy and good health.

We are a thankful and blessed company and we continue that gratefulness into the new year.

Here's to 2017!

From all of us at

The Mega Transport Experts

Shane Tauzin

Director of Network Security & Communications

In July of 2014, Shane Tauzin joined the Berard Team serving as Director of Network Security & Communications. He's a man of many hats and talents and does a great job taking care of Berard's extensive network of computers, security cameras, and not to mention the best iPhone repairman to boot.

Shane says, "I really like the challenges that come with the job. Taking care of the Berard corporate office as well as the satellite offices keeps me busy. I really enjoy my job and the people that I work with at Berard."

When not working hard keeping our computers in tip top shape, Shane enjoys working out, aquariums and fishing. Shane has one son, Hunter - 13, and is married to Karen. Together they have two dogs, a boxer named Jolie, and a Yorkie named Mia.

Happy Birthday!

From The Berard Team

Happy Birthday to These Dedicated Team Members!
