Launching EPF USNS Burlington

Job Specs

Weight: 2200 Tons

Dimensions:

338'L x 94'W x 105'H

Equipment Used: 112 axle lines of SPMTs, 4 PPUs, loading ramps, high volume water pumps and winches for barge securement

The Berard Team took part once again in launching another great asset for our US Navy. The team loaded out the USNS Burlington, a 2,200 ton Expeditionary Fast Transport ship (EPF). This type of vessel was formally classified as a Joint High Speed Vessel (JHSV). The team transported the Burlington from the client's final assembly bay to a deck barge. Once secured on the barge, it traveled down river to be trans-loaded. Once at the transfer point, the trans-loading of the Burlington onto the Alabama, an 800' floating dry dock, began. As usual, the trans-load went smoothly thanks to all involved. Through hard work and dedication, the job was completed safely and successfully in only one day.

Load Out! Electrical Building Loadout Project

Job Specs

Weight:
150 Tons

Dimensions:
60' L x 27' W x 24' H

Equipment Used:
12 axle lines of SPMTs,
barge ramps, laminated
mats, stands & winch
trucks

It's time to go to work for this 160 ton electrical building. Fabricated in Belle Chasse, LA, but heading to be installed on a platform in Ingleside, TX, Berard got the call for delivery. Berard used 12 lines of Goldhofer PST-SLE transporters to lift the cargo from fabrication supports and roll-onto the barge. Berard engineers derived a roll-on plan, ballast plan, and securing plan for the barge journey to Texas. In one day the building was loaded and secured on the barge, which arrived at the destination 4 days later.

Shamery Mortensen

Admin Assistant | Houston

Shamery Mortensen has been serving the Berard team since January of 2015 as an administrative assistant in our Houston office. She's the friendly voice on the other end of the phone line when you call. Shamery has been a great team member to Berard and always does her best to help the team anyway she can.

"My job challenges me every day in so many different ways and the employees at Berard Transportation are a pleasure to work with and they make it enjoyable each day. I'm learning all the time from the best people and I feel like I've grown with the company and hope to continue for many years to come. Thank you to all of the Berard Family," says Shamery.

Shamery is married to Derek Mortensen and they have two sons and three daughters and a son in law. They recently welcomed a new grandson to the family. Her hobbies are living and enjoying life with my family.

Happy Birthday!

Happy Birthday to These Dedicated Team Members!
