The Fab Yard Deck & Jacket Offload

Job Specs

Weights:

Deck: 1,033 Tons

Jacket: 860 Tons

Dimensions:

Deck: 135'L x 192'W x 81'H

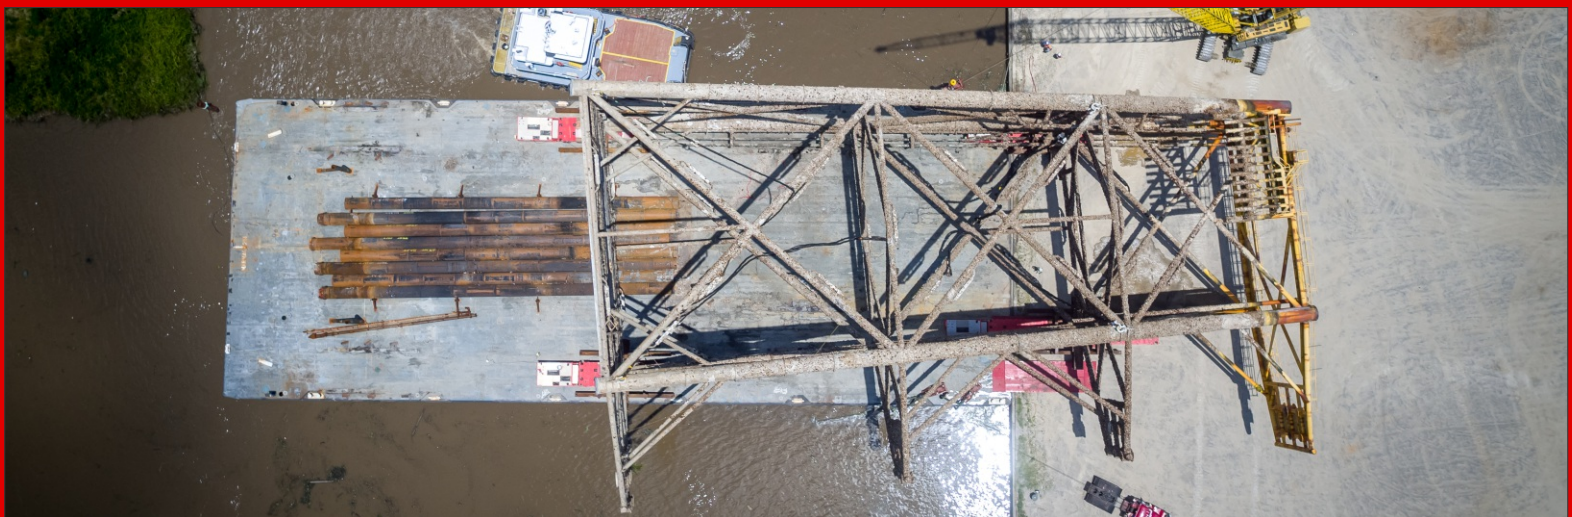

Jacket: 217'L x 113'W

Equipment Used:

42 axle lines of SPMTs, 4 power packs, loading ramps, high volume water pumps & winch trucks

The Berard team recently helped an oil & gas company recycle an offshore platform package from the Gulf of Mexico. The package consisted of the main deck/topside superstructure and the jacket support structure. The pieces were loaded onto a deck barge offshore for shipment to a South Louisiana fabricator that would refurbish the package. The Berard team went to work and devised the best possible method to offload the package from the barge to the fabrication area where the refurbish work will commence. The deck weighing in at 1,033 tons was the first to be offloaded using 42 axle lines of SPMTs. The team rolled the deck off of the barge then rotated it 90 degrees clockwise and moved it into position in the yard. The process was repeated with the jacket structure the next week. The team was successful in helping the client achieve the first phase of getting their investment closer to productivity.

On The Road Reactor Vessel Transport

Job Specs

Weight:

300,000 lbs.

Dimensions:

60'-3" L x 16'-2" W x 21'-7" H

Equipment Used:

16 lines Goldhofer THP/SL trailers, 2 prime movers
Barge ramps, ballast pumps,
winch trucks

Berard got the call to deliver a 300,000 lb. vessel to a plant near Baton Rouge, LA. The destination plant being on the Mississippi River was thought to be an easy barge delivery and roll-off solution. However, Berard notified of potential high water levels at the time of shipment. Berard submitted a plan barging the vessel to an off-river, water level controlled roll-off site, rolling off, then trucking the cargo over 90 miles to the destination. The cargo was delivered on schedule despite record Mississippi River levels. Once delivered the cargo was self-offloaded onto stands.

Team Berard Baseball & Cubbies Win Big!

As you know its summer time and what's more fun than watching Americas greatest past time than the game of baseball??? Well here at Berard we love seeing our youth compete and succeed and no one at Berard takes youth sports more seriously than our own COO Braedon Berard. Our COO spends most of his free time running his travel baseball organization along with coaching and serving on the board for the local youth recreational baseball league. Whenever Braedon isn't running day to day Berard operations he is coaching his young boys to title after title. This years Team Berard 14U AAA team has already won a Governors championship along with two State Championships (north and south). These tourneys were played in Lake Charles, Chalmette and Baton Rouge. His eldest son Andrew Berard who plays pitcher and OF is on our very own Team Berard squad and his youngest Ayden Berard who plays Pitcher and middle infield is on the recreational Cubbies team and was selected on the Loreauville 8U All Star team. The Cubbies ended their season as undefeated league champions while Team Berard is ranked #1 in LA and #3 in the nation. When asked what Braedon enjoys the most he stated "Making a positive difference in all of these young men's lives. I take pride in teaching the boys on how not only to compete in games, but to do your best in every aspect of what life throws at you. Creating team chemistry is only the beginning in a young boys journey and learning these life lessons will only make these kids better young professionals in the real world. The 20-30 hours per week doesn't seem like much when all the hard work pays off in the end." Berard Transportation wishes nothing but the best of luck to these young men and the rest of their season. GEAUX TEAM B!

Happy Retirement! Carolyn Bouillion

*Thanks for
17 Years
of
Great Memories!*

The Berard team is bidding a happy retirement and sending our best wishes to our very own Carolyn Bouillion. Carolyn's official title is administrative assistant, but you could add miracle worker and a host of other titles to her name. Carolyn has been with the Berard team since 2002 and has been an important part of our team for 17 years in which time she's done it all. She's witnessed the company grow into what it has become today and we are forever grateful to her for her dedicated service. We are who we are because of great team members like her and we will surely miss her at the office. Thank you Carolyn for all the time you've devoted to our company and our family. We hope your retirement is filled with joy and happiness. Happy Retirement from all of your extended family at Berard!
