The Shipyard Dry Dock Load Out

Job Specs

Weight: 1,300 Tons

Dimensions:
220'L x 100'W

Equipment Used:
40 axle lines of SPMTs, 4
power packs, loading ramps
& winch trucks

The team recently loaded out this massive 220' long x 100' wide dry dock for a local South Louisiana shipyard. The team maneuvered the dry dock from its fabrication area to the dry dock for launching. The move began with the team rotating the cargo between shop supports and other obstacles in the yard to line up with dry dock. It was a tight fit but the team made it happen. The dry dock was then rolled forward onto the larger dry dock and set down onto supports for launching at a later date.

Helping The Heros The Skywalk Transport

Job Specs

Weight: 220,000 lbs.

Dimensions:

81'L x 19'W x 27'H

Equipment Used: 12 axle lines of SPMTs & 2 power packs

The Berard team transported a skywalk bridge section for a Jacksonville, Florida hospital expansion project recently. The skywalk was constructed on a nearby street and when it was ready for installation, Berard crews went to work setting 12 axle lines of SPMTs under the structure to ready it for transport the next day. The Saturday move brought with it some great weather for the event in which many of the patients from a nearby children's hospital watched the walkway move down the street. The team made an immediate right turn off of the original construction site/street and headed towards the installation site where two Liebherr cranes lifted the walkway from Berard's SPMTs and rotated it 90 degrees into position onto the supports. Berard was glad to help our heroes get easier future access to their facilities.

Bryce Theriot

Rigger | Driver

Bryce Theriot joined the Berard team in January of 2017. He serves the team as rigger and driver. He really enjoys his job and is always ready to help the team.

Bryce says this about working at Berard; "My favorite part about working at Berard is that it's a family owned company. I like the experience and the travel along with all of the learning".

He and his wife of six years Katie have two daughters, Addaleigh 4 and Anniston 2. He enjoys spending time with family and friends, cooking and mud riding.

Happy Birthday!

Happy Birthday to These Dedicated Team Members!
